IN TEXT REFERENCING

One of the most important skills to use in the development section of your essay is in-text **quotation** and **referencing**. If you are researching a book or song lyrics you will want to quote short sections illustrate a description or argument you are making. You must know how to set your quote out, how to integrate it into your own writing and how to punctuate accurately.

Refer to the Purdue site for how to include quotes in your essay:

Refer to the Purdue site for how to in-text reference your quotes:
<http://owl.english.purdue.edu/owl/resource/747/02/>

Your turn:

Using one of your subsection headings from those you have listed above, provide ONE of your **answers to your research question** and support it with a **short quote** from your text and correct in-text referencing. Write your answer as a **100 word paragraph**. Start your paragraph with a **quality topic sentence**.
